

- HUMAN REVIEW

Your ITIN application is more than *paperwork*.

Behind every filing is a human review process built to protect your financial future. Here's how careful, expert eyes make a difference.

● BEYOND THE FORMS

Why *human* review matters.

Forms alone don't catch context. A trained reviewer reads your situation, spots issues early, and helps make sure your application reflects your circumstances accurately.

• WHAT WE DO

What ITIN.com *does* and doesn't.

We prepare, verify, file, and coordinate your Form W-7, and guide you throughout. We don't issue ITINs — the IRS does — and we can't guarantee approval.

- ◆ Prepare and verify your W-7
- ◆ File and coordinate with the IRS
- ◆ Guide you through every step

● IRS GUIDELINES

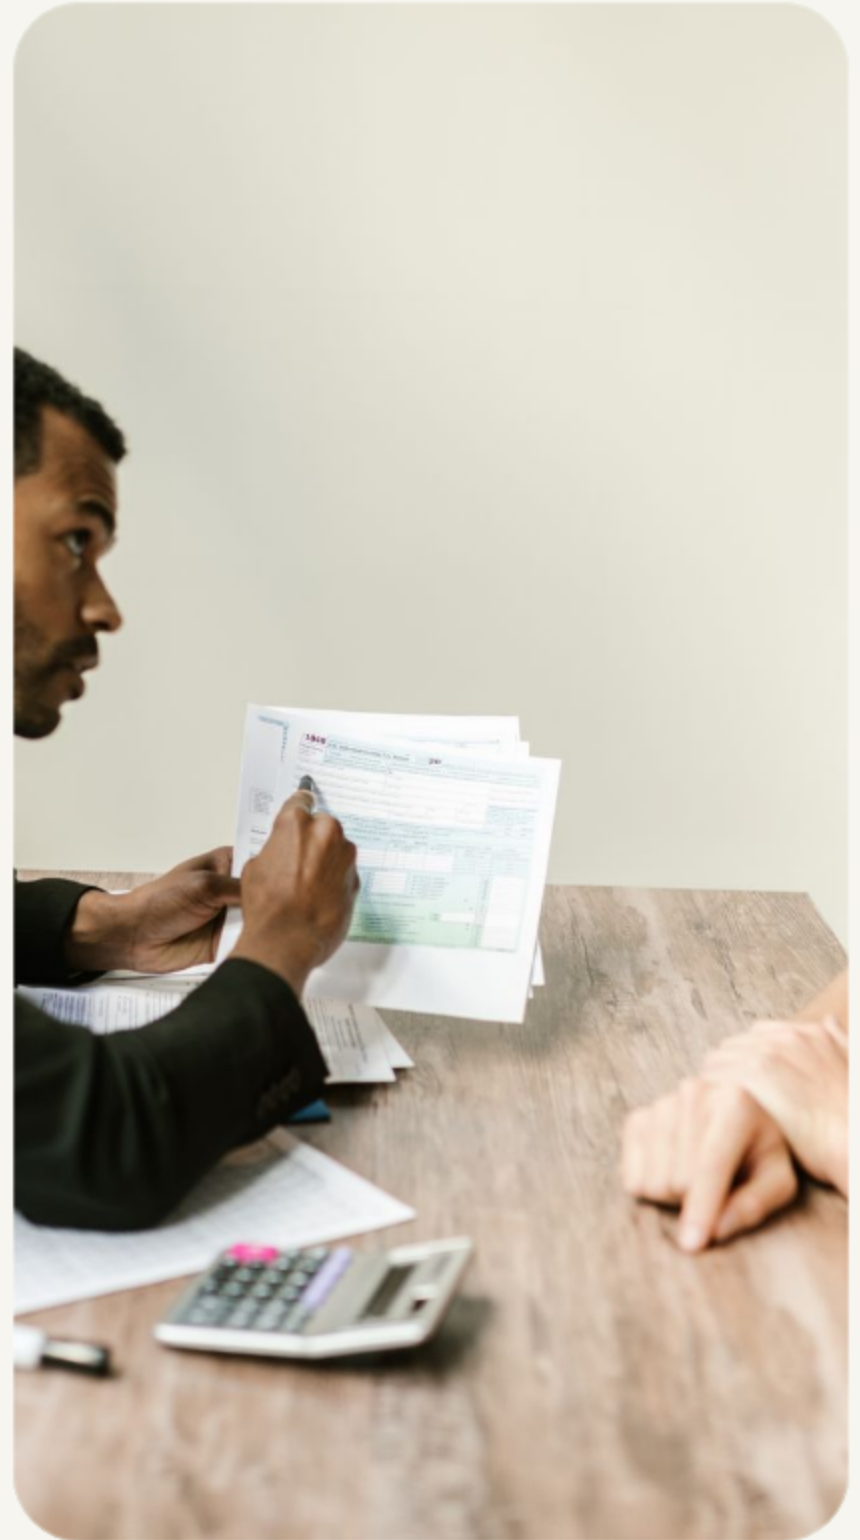

Our role in staying *compliant*.

IRS rules for ITINs are detailed and easy to trip over. We help you follow current guidelines so your application lines up with what the IRS expects.

● PARTNER HANDOFFS

Seamless handoffs with *CPAs and EAs.*

When your situation calls for it, we coordinate with CPAs and Enrolled Agents so your ITIN work connects smoothly to your broader tax and business needs.

- AVOIDING PITFALLS

Expert eyes catch *what AI misses.*

Small mistakes on a W-7 can lead to delays or rejections. Experienced reviewers spot the mismatches and missing details that automated tools can quietly pass over.

- READY TO APPLY

Ready to apply with *expert eyes?*

ITIN.com pairs careful human review with expert guidance to prepare, verify, and file your Form W-7. The IRS issues the ITIN — we help you get it right.
